RECEIVED

MAY 02 2001

FEDERAL COMMUNICATIONS COMMISSION
OFFICE OF THE SECRETARY**SUBJECT: Phase II Enhanced Wireless 9-1-1 Service Request**

Dear Mr. Brandon,

Thank you for your cooperation in contracting for Phase I Enhanced 9-1-1 Service.

Pursuant to Title 47 of the Code of Federal Regulations, Section 20.18(e) and Minnesota Statutes, Section 403.08, Subdivision 7, and on behalf of the Minnesota PSAPs in the affected areas, the State of Minnesota is hereby ordering Phase II Enhanced 9-1-1 Service. Phase II Enhanced 9-1-1 Service is requested as soon as practicable, but not later than October 1, 2001.

Each AT&T Wireless Services, Inc. cell site in Minnesota can have calls routed to a local or Minnesota State Patrol PSAP which is capable of receiving and utilizing the data elements associated with the service, and a mechanism for recovering the PSAPs' costs of the enhanced 9-1-1 service is in place.

Depending on jurisdiction, Enhanced 9-1-1 Service in Minnesota is provided by Independent Emergency Services, LLC (IES) or Qwest. Contacts for 9-1-1 implementation issues are Rick Morrow (320 234-5247) for IES and Jackie Mines (612 663-7715) for Qwest.

Implementation of Enhanced Wireless 9-1-1 service will be of mutual benefit to your subscribers and to the effectiveness of the public safety response systems. Please keep me informed if there is anything else the State should do to help you move this effort forward and ensure expeditious implementation. Please call with questions at 651 296-7104.

Sincerely,

James R. Beutelspacher
Statewide 9-1-1 Program Manager

SUBJECT: Phase II Enhanced Wireless 9-1-1 Service Request

Dear Mr. Krevor,

Thank you for your cooperation in contracting for Phase I Enhanced 9-1-1 Service.

Pursuant to Title 47 of the Code of Federal Regulations, Section 20.18(e) and Minnesota Statutes, Section 403.08, Subdivision 7, and on behalf of the Minnesota PSAPs in the affected areas, the State of Minnesota is hereby ordering Phase II Enhanced 9-1-1 Service. Phase II Enhanced 9-1-1 Service is requested as soon as practicable, but not later than October 1, 2001.

Each Nextel Communications, Inc. cell site in Minnesota can have calls routed to a local or Minnesota State Patrol PSAP which is capable of receiving and utilizing the data elements associated with the service, and a mechanism for recovering the PSAPs' costs of the enhanced 9-1-1 service is in place.

Depending on jurisdiction, Enhanced 9-1-1 Service in Minnesota is provided by Independent Emergency Services, LLC (IES) or Qwest. Contacts for 9-1-1 implementation issues are Rick Morrow (320 234-5247) for IES and Jackie Mines (612 663-7715) for Qwest.

Implementation of Enhanced Wireless 9-1-1 service will be of mutual benefit to your subscribers and to the effectiveness of the public safety response systems. Please keep me informed if there is anything else the State should do to help you move this effort forward and ensure expeditious implementation. Please call with questions at 651 296-7104.

SUBJECT: Phase II Enhanced Wireless 9-1-1 Service Request

Dear Mr. Middlebrooks,

Thank you for your cooperation in fielding Phase I Enhanced 9-1-1 Service in the Metro area.

Pursuant to Title 47 of the Code of Federal Regulations, Section 20.18(e) and Minnesota Statutes, Section 403.08, Subdivision 7, and on behalf of the Minnesota PSAPs in the affected areas, the State of Minnesota is hereby ordering Phase II Enhanced 9-1-1 Service. Phase II Enhanced 9-1-1 Service is requested as soon as practicable, but not later than October 1, 2001.

Each Qwest Wireless cell site in Minnesota can have calls routed to a local or Minnesota State Patrol PSAP which is capable of receiving and utilizing the data elements associated with the service, and a mechanism for recovering the PSAPs' costs of the enhanced 9-1-1 service is in place.

Depending on jurisdiction, Enhanced 9-1-1 Service in Minnesota is provided by Independent Emergency Services, LLC (IES) or Qwest. Contacts for 9-1-1 implementation issues are Rick Morrow (320 234-5247) for IES and Jackie Mines (612 663-7715) for Qwest.

Implementation of Enhanced Wireless 9-1-1 service will be of mutual benefit to your subscribers and to the effectiveness of the public safety response systems. Please keep me informed if there is anything else the State should do to help you move this effort forward and ensure expeditious implementation. Please call with questions at 651 296-7104.

Jim Nixon
9-1-1 Policy Development
VoiceStream Wireless
3650 131st Ave SE, Suite 200
Bellevue, WA 98006

SUBJECT: Phase I and Phase II Enhanced Wireless 9-1-1 Service Request

Dear Jim,

Pursuant to Title 47 of the Code of Federal Regulations, Section 20.18(d) and Minnesota Statutes, Section 403.08, Subdivision 7, and on behalf of the Minnesota Public Safety Answering Points (PSAPs) in the affected areas, the State of Minnesota is hereby ordering Phase I Enhanced 9-1-1 Service.

Pursuant to Title 47 of the Code of Federal Regulations, Section 20.18(e) and Minnesota Statutes, Section 403.08, Subdivision 7, and on behalf of the Minnesota PSAPs in the affected areas, the State of Minnesota is hereby ordering Phase II Enhanced 9-1-1 Service. Phase II Enhanced 9-1-1 Service is requested as soon as practicable, but not later than October 1, 2001.

Each VoiceStream cell site in Minnesota can have calls routed to a local or Minnesota State Patrol PSAP which is capable of receiving and utilizing the data elements associated with the service, and a mechanism for recovering the PSAPs' costs of the enhanced 9-1-1 service is in place.

The attached chart is forwarded as State of Minnesota input for Attachment 3 to the previously forwarded contract form. Each Minnesota State Patrol Public Safety Answering Point is connected to one or more Qwest Enhanced 9-1-1 selective routers, and can serve as primary or default PSAPs if necessary. Enhanced 9-1-1 Service in these areas is provided by either Independent Emergency Services (IES) or Qwest. Please advise if I have missed any Minnesota coverage areas.

VoiceStream, Page 2

Likely answering points have been selected on the basis of past correspondence with the PSAP managers concerned, and should be verified during the implementation process. "MSP" indicates the district Minnesota State Patrol PSAP, "Local" indicates a preference for having calls answered at the local PSAP, and "Varies" indicates either splitting call routing by the specific location of the cell tower or by whether the local PSAP is ready to receive Enhanced Wireless 9-1-1 calls.

Contacts at IES and Qwest for 9-1-1 implementation issues are Rick Morrow (320 234-5247) for IES and Jackie Mines (612 663-7715) for Qwest.

We look forward to implementation of Enhanced Wireless 9-1-1 service, which will be of mutual benefit to your subscribers and to the effectiveness of the public safety response systems. Please keep me informed if there is anything else the State should do to help you move this effort forward and ensure expeditious implementation.

Please call with questions at 651 296-7104.

Sincerely,

James R. Beutelspacher
